Pneumonoultramicroscopicsilicovolcanoconiosis
I don't know what that means but I know it flows sick
Oh shit
There I go being a dick again
Look at me I can say the longest word in the dictiona...
ry
I dunno much but I know the futures bright
The futures green
The futures me
The futures I
Maybe you'd understand me a little better if you were
high
Do like my dj I-I-I-IQ
Make no mistake I'm just as high igh igh too
If you say the wrong thing about me
Your career is something you can say good bye bye
bye to
Hows your album doing, mine flew
This time I'm doing what I did on the last one times two
And some, damn son have you seen the state of your
eyeballs! ?

Don't piss me, don't piss me, don't piss me off!
Don't piss me, don't piss me, don't piss me off!
Till we stop there will be no falling.
No we give it everything we got.
Till the wheels fall off we'll be rolling.
Yh we go anywhere we want.

La la la la la la la, la la la la la la la, la la la la la la la, la

Meet at, track meet
I eat tracks, that's me
Jack D, Hackney
It's in my blood, and we
Accede to the throne
Taxi and I'm home
Bad B, black sheep
Bag of beans and an O
Yo, I'm getting high tonight
Where women who make do getting by tonight

I like the life, but I ain't into courting
I'm only into spooning if it leads to forking
I'm back buzzin'
I'd shag Eva Mendes even if she was my damn cousin
So please don't think I am bluffin
Even though I'm swimming in women throw the pussy
at me
I ain't tryna catch nothing
I ain't lighthetning up, I'm still as mean
Still as drunk, still as high
Still as lean, still as Green
Stood still on a pair of stilts in a distillery sket
The last time I got head it involved the guillotine

Don't piss me, don't piss me, don't piss me off!
Don't piss me, don't piss me, don't piss me off!
Till we stop there will be no falling.
No we give it everything we got.
Till the wheels fall off we'll be rolling.
Yh we can go anywhere we want.

La la la la la la la, la la la la la la la, la la la la la la la, la

I don't know what it is man, but something about this
beat just kinda makes
Me feel invincible... Yh like I can do anything I want
without any
Questions. I might even cover my naked body in sticky
tape and run through
All saints and come out doing my JLS impression. hehe

Don't Piss me Off!

Don't piss me, don't piss me, don't piss me off!
Don't piss me, don't piss me, don't piss me off!
Till we stop there will be no falling.
No we give it everything we got.
Till the wheels fall off we'll be rolling.
Yh we go anywhere we want.
