I dont know what that means but i know it flows sid
No sh*t
There i go being a di*k again
Look i can say the longest word in the dictiona...ry
I dunno much but i know the futuies bright
The futures green
The futuies me

The futuies I
Maybe youd understand me a litgle better if you were
high
Do like my dj iiiiq
Make no mistake im just as high igh igh to
If you say the wrong thing about me
your career is something you can say good bye bye
bye to
Hows your album doing mine to
This time im doing what i did on the last one times two
Out and doubts son have you seen the state of your
eyeballs!?
