So I'm supposed to leave you alone yeah, after the way you've been treatin me today, just checkin out other women, I saw you on road today lookin at that womans arse like, I'm sorry what is that?  
I was not checkin out her arse! eyes you was, she walked past and you looked around like, yeah look at her, what is that about nah? I thought she had a nice pair of jeans on same as you! I don't think so, sorry your such a stereo typical man.

I'm nice for the first two weeks just to get you into me and when you're in too deep and your too weak the true me comes out and you'll be too weak to run out cos by now your too into me, so although I'll be goin out late, you'll be at home, you won't be goin out to raves, checkin my phone which you can't do, but of course I'll be goin through yours whenever you're in the bathroom. Some women say were all the same were all as lame as one another and ought to change, shame this is probably true, I'm a stereotypical man that's a reason not an excuse.

(Chorus)

Stereotypical man, ill act like I don't need you till you leave and then get you back, Stereotypical man, typical ill love you and leave you with the bill for the cab, stereo typical man, till my breathings done I'll be readin page 3 of the sun, stereo typical man I don't think that you're any other I'm just a stereotypical man

If you don't know you ought to know that I'm male therefore I own the remote control, I speak truthfully, I don't perve at women, no, I appreciate boobies, I mean beauty it was a slip of the tongue, were all grown men even though we live with our mums, something else about how we live, women all we do is eat sleep and shit, this penis means that I don't clean up and I always leave the toilet seat up I dirty big bollocks the dogs nackers are completely stereotypical of what a man is.

(Chorus)

Stereotypical man, ill act like I don't need you till

you leave and then get you back, Stereotypical man,  
typical ill love you and leave you with the bill for the  
cab, stereo typical man, till my breathings done Iâ€™ ll  
be readin page 3 of the sun, stereo typical man I  
donâ€™ t think that youâ€™ re any other Iâ€™ m just a  
stereotypical man

Stereotypical I am, its given but what about  
stereotypical women, Iâ€™ m not bitter its not that I am  
mad I guess I might get hit with a few handbags but  
think logically they always expect us to pay but  
campaign for equality, its logic, obviously if they  
didnâ€™ t leave the toilet seat down we would pee on  
it, be honest, women are all the same all you do is play  
games youâ€™ re all the insane, the rage, crazy and  
change minute to minute, depending on the day what  
can I say, period. You cry at soppy films always need  
tissues and hate on other decent chicks, what have  
women without issues and unicorns got in common,  
theyâ€™ re both myths neither exist.

(Chorus)

Stereotypical man, ill act like I donâ€™ t need you till  
you leave and then get you back, Stereotypical man,  
typical ill love you and leave you with the bill for the  
cab, stereo typical man, till my breathings done Iâ€™ ll  
be readin page 3 of the sun, stereo typical man I  
donâ€™ t think that youâ€™ re any other Iâ€™ m just a  
stereotypical man
