"Know What It Means"

Visit "[Know What It Means](#)" on MotoLyrics.com

Remember what it's like to me you?
To be you
Remember what it's like to be me?
To be me
All that I see these eyes in my dreams
These thought police coming for me

Do you know what it means
What it means to be free
Do you know what it means
To be free? (me)
Neither do i
Neither do we

Do you know what it's like to be one
One of us
Do you know what it's like to be one
One of us
One is the family perfect in apathy
Being a clone isn't all that it promised to be

I am invisible just like you
Just a reflection of what I consume
Now I myself will be consumed
Consumed for the sake of you
