I'm just a stranger here, despite your everything  
I'm not attached to your world of disease  
Like father always said, and I can only agree  
Son they will hate you because they always hated me  
And even though I feel alone  
I know that I could never be

If it's a choice between this veil of ecstasy  
And all the lonely suffering of seeing this so clearly  
If I've said it once I'll say it twice I'll say it for all eternity  
I'll find all the comfort that I need inside this bleeding  
And even though I feel alone  
You know that I could never be

Nobody knows  
Nobody cares  
Nobody sees outside our safe haven (2x)

Together we are so, so ugly with rejection  
But to our, our eyes we, we're the ones shimmering  
I've unplugged the wires from your spine  
At first you'll be afraid  
But we will be so content  
And we  
Will live.  
Again

And we will live again  
(Alone and so content)  
And we will live again  
(Alone and so content)

Just crawl across this desert heat  
And become tragic with me  
And now that we are not alone  
You know that we could never be

Nobody knows  
Nobody cares  
Nobody sees outside our safe haven (2x)

And we will live again  
(Alone and so content)  
And we will live again  
(Alone and so content)
