Ah... ha, ah, huh, ah...

Ah... ha, ah, huh, ah...

Now that I'm all alone
Painfully aware
I'm starting to feel the cold
Knowing you're not there

Ah... ha, ah, huh, ah...

Ah... ha, ah, huh, ah...

Caught somewhere between
My fears and dreams
And all I have are demons
Here for company

Come and look inside
Hope you like what you see
And if you run and hide
You're scared of what is me

Bind my idle hands
They only claw at me
Drown in emptiness
My soul is left to bleed

Throwing a shadow on
Every thought I have
Knowing that something's gone
Echoes in my head (Echoes in my head)

Ah... ha, ah, huh, ah...

Ah... ha, ah, huh, ah...

Caught somewhere between
My fears and dreams
And all I have are demons
Here for company

Come and look inside
Hope you like what you see (Like what you see)
And if you run and hide

You're scared of what is me (Scared of what is me)

Bind my idle hands
They only claw at me (Only claw, yeah!)
Drown in emptiness
My soul is left to bleed (My soul is left to bleed)

(Solo)

Come and look inside
Hope you like what you see (Like what you see)
And if you run and hide
You're scared of what is me (Scared of what is me)

Bind my idle hands
They only claw at me (Only claw, yeah!)
Drown in emptiness
My soul is left to bleed (My soul is left to bleed)

Soul is left to bleed
(Lord, my soul is left to bleed)
Soul is left to bleed
(Oh, yeah)
Bleed
Bleed (Left to bleed)
Bleed...
