I can feel it come alive, these blood filled hands just
wont die, They Wont Die!
You can't change me, you can't make me, you can't
save me, this time I've gone to far
Stuck in here inside my mind, there is no door, where is
the light?
I am going crazy, I am torn apart, I've lost my mind, I
have Gone to Far!

When the seasons change, so do I, dancing with the
devil feels so alive, it's So Alive!
You can't change me, you can't make me, you can't
save me, this time I've gone to far
Stuck in here inside my mind, there is no door, where is
the light?
I am going crazy, I am torn apart. I've lost my mind. I
have Gone to Far!

It's too late! I am torn apart!
It's too late! This time I've Gone to Far!

Stuck in here inside my mind, there is no door, where is
the light?
I am going crazy, I am torn apart, I've lost my mind, I
have Gone to Far!
Too Far!
