In my dominion You die
But first You'll suffer pain
Your wings won't fly again

Awaken from Your dwell
As I force Your eyes
to see the lies in Christ

In my dominion You die
Godless You slowly burn
Soulless You now return

My Demons grant You hell
The spirit in Your soul...
Reduced to burning coal

When You've failed
You've failed once more...
Your heart is frozen
and Your body's cold
Then angels' tears will fall...
down from heaven

When You've failed...
You've failed once more...
Your heart is frozen
and Your body's cold
Then angels' tears will fall...

Charred soul, instant death
Deprived of Your last breath
God's angels, burnt and raped
Oh, I so dominate

Fallen from grace, Their laughter has died
The maggot race, in vain They run for the light
Demons, prepare to war for the 666
Angels, prepare to burn on the crucifix...
Crucifix

Arise now avengers
My demons, My armies
