Distract the nature of human flesh
Make Your mind appealing to the
Scenery of hate
The void of selfcaged truth is in Me
Before Our eyes, Mindmachinery

Watch it slowly, naked senses all around
Pieces of Me, I am never to
Be cleansed again
BURN!
Hard to swallow, Minds so hollow
Hard to swallow, hearts too hollow

Self constructive times of pain
Self constructive once again
Selfinflicting minds to drain
Selfdeceiving

Watch it close
Watch it closely, naked senses all around
Pieces of Me, I am never to
Be cleansed again
BURN!
Hearts too hollow, minds too hollow
Hard to swallow, hearts too hollow

Embrace the nature, disgrace it so
Hang on to My love, the perfect whole!
Enjoy Your madness, the pain of sin
So watch Me now closely, as the tears begin to dry

WATCH ME SLOWLY FADE...

Turn Your heart towards the sane
Burn Your soul I am profane
Inhale the truth,
Exhale the lie
Watch Me closely as I die
I pierce My soul with bloodred scars
And burn the fragments of Your heart
Selfinflict the joy of sin
And Hellcome kingdom Everwin

Selfdestructive
Times of pain
Selfconstuctive once again
Selfinflicting minds to drain
Selfdeceiving

Watch it close,
watch it closely
Naked Senses all around
Pieces of Me
I am never to be cleansed again

BURN! BURN!
BURN! BURN!
