I say leave the planet now

They say, Keep on keeping on

I say, Im making my way home

They stay to protect all the gold

That's them

And if they pass behind the wall against their soulsold

III be up and dying

Every night again

I say, Let the rocket down

They say, Leave the war alone

I say, Please hang up the phone

They smile, polished like a stone

Its them

And if they pass behind the wall against their soulsold

III be up and dying

Every night again

And if they pass behind the wall against their soulsold

III be up and dying

Every night so

I can't tell you

I can't tell you

Ive been waiting so long

But I feel like nothing

And I feel like laughing

Keep coming on

And if they pass behind the wall against their soulsold

III be up and dying

Every night again
