Listen child as you lay alone at night, you're afraid to  
go to sleep  
But listen child there no possible escape from this, you  
slip into the dream

What you see when you dream  
Takes your mind to the limit of lucidity  
Trapped inside a fragile mind  
With no way out a disjunction of reality

Listen child there's no one here for you, no saviour to  
redeem  
But listen child forget your irrational fears, your  
crippled anxiety

When you scream in the night  
Your flesh will crawl to my delight  
You recoil but at least you're still alive  
Now witness these visions of mine

This confusion reigns inside your mind  
Fell emptiness coming closer tearing a piece of your  
soul away  
On the edge, your breaking, shattered pieces will  
remain

Blind to all reason, you will decline to speak the truth  
within the lie  
There's not much time to decide  
Will you wait till he comes, to tear your soul away!

Welcome to my world of violence  
Abusive cruelty will make perfect sense  
Welcome to this fate worse than death  
Your mind raped of innocence  
Bow down, child born of loss  
Blamed for all that came to pass  
In my grasp you will stay  
As I rip your mind away  
Listen, and now don't forget that day
