[Music:Olsson, Blomberg / Lyrics:Olsson]

I'm sitting upon my throne and watch  
The killing of a holy priest  
Laying on his knees and pray  
But I only laugh  
I am taking my crucifix  
My power is now united  
I raise my hand and give the sign  
His death is finally completed

I shall heal this world  
From all kinds of holiness  
Christianity shall die  
Jesus will never live again  
All preachers shall die  
By my hand  
They will feel my malignity  
When they suffer to death

Life of an evil kind  
Minds filled with hate  
Naked bodies dancing  
In the light of the moon  
Living in endless sin  
Until the end  
All those who don't believe  
Shall be layed to rest
