Revenge suffer, beyond the withering moon  
And in the pale light blinding it conceals the hand of  
your Doom  
Now you're shrouded in darkness but you refute the  
truth  
That your belief means nothing and only now it dawns  
on you  
Struggle futile in the grip of this deathly hand  
You fall into damnation your hourglass is out of sand

They speak of words without meaning  
Whispering thoughts inside your mind

I'll take you  
Down under  
Down with me  
Into eternal suffering  
I'll take your soul  
Forevermore that's right

You speak of words without feeling  
They try to infiltrate your mind

Now that you are calling, drowning in a sea of pain  
Now that you are falling and you are overcome  
Into a dream like state  
In turmoil is your mind  
Torn between belief and lie  
You're running out of time  
Into the light  
This can't be happening to me  
That you shall live  
When you should surely die
