There's a feeling deep within your soul  
Whispered thoughts that you don't want to hear  
anymore...

You'll face the truth, your mind is broken  
The walls alive with your worst nightmares  
You'll beg! You'll crawl! but no-one comes to save you  
Distraught! Distressed! You will beg for mercy now...

There's a feeling you're losing your mind tonight

Arise a god! The king of your delusions  
A sign! Portent! As the truth is wrapped around you  
Embrace this world now filled with your insanity  
A scream cries out till all is left asunder now...

Please can you help me? I'm drowning in this fear!  
Please can you guide me through all my despair?

Rise from the madness wipe the tears from your face  
Free from the voices till they rise up again  
You know! You know how it feels  
Left here to atone  
For a lonely disease

Trapped in this place! This prison cell of damnation!  
Let me out! Get me out of here!  
Get me out! I'm not insane!
