Yum...Yum...

Gurgling Menstrual Phlegm

Lick the pustulated chunks from your chin

Swallowing globs of herpes

Nothing tastes better than a menstrual slurpee

Suctioning her tampon through a straw

Lick until you vomit up a bloody fuckin' cotton ball

Violently her whole body slings

Because you and five friends just earned your red wings

OOOOOOOOORRRRRRRRR -

AAAAAAAAAAARRRRRRGGGGG

Vomiting deep inside her cunt

While your tongue is on the hunt

Gurgling Menstrual Phlegm

Blowing bloody bubbles through your nose

Dick starts to quiver as it grows and blows
