Ways of insanity, twisted mind controls me  
Voices in my head, telling to tear up the dead  
At the burial site, freshly deceased child  
Hacked up by her family, freshly beyond the cementary

Remove cold soil, with exaltation  
Putrid stench unleashed, from this excavation  
Coffinlid cracked open  
A ghastly beauty, bringinig out the dead  
To satisfy me

[Solo: Roel]

Putrefaction progress, corpse stares dismal  
A beauty to me, to mutilate, fuck and kill  
Violate the rotten dead, reeking orifice indulgence  
Posthumous molestation, cruelty has begun

Vicious cruelty  
Doomed to rot  
Perverse with the dead  
Revel in disgust

Freshly deceased, at the burial site  
Doomed, chosen, violated at night  
Body to ravage, a corpse to infest  
Rotting slowly, never to rest

Ways of insanity, twisted mind controls me
