Impulse on the smell of formaldehyde
Driven into a frenzy, to copulate with death

Killed her frantically
Her gaze set to eternity
Ravaged her insanely
Alive she was unworthy

Squeezed the consciousness out of my former spouse
Face bashed in and struck
So now you're ready to fuck!

[Solo: Roel]

Impulse on the smell of formaldehyde
Driven into a frenzy, to copulate with death

Killed her frantically
Her gaze set to eternity
Ravaged her insanely
Alive she was unworthy
