Night so full of eyes  
So full of lies  
Cold as a cemetery  
Time of enemies  
Feel  
Misanthropy

Bells ringing in our ears  
Walking all the fears  
Which were long forgotten  
Time of enemies  
Feel  
Agony

I can't face fear!

Not now! Not tomorrow! Never!  
My saviour: a Latin name  
Slowly the sun rises  
At least in my tortured mind

I fly up, higher, to the sky for hours  
Till pain brings me back

Back to reality

It was my own fault  
The bad result  
Of an experiment  
Time of enemies  
Feel  
Misanthropy

Could time be turned back  
Back to the right track  
I would return newborn  
Time of enemies  
Still  
Feeling hope

Face Fear [Repeat 5 times]
