"Mortal Passion"

Human-morbid instincts throughout life
Total occupation of hearts and minds

Portrait of images caused by emotion
Caused by perversion
Lust as father of all sins
Dogmatized exotic excess
House of cards in the storm
Impish mass hypnosis
Ordeal of virginity

Say no more about the mortal passions
I know it all, from the end to the start
Come on, see, the light of credulity
Believe it, the sands of time are running out
Running out, Running out
Your creed has to be the answer to the moral

Is all this planned by god?
Or fate or destiny?
Or caused by human races

To satisfy their needs?

No one will understand
Which reasons stand behind
Is it so important
To be omniscient?

Mortal passions, with all it's extremes
Enjoyed and hated by all who ever breathed
Mortal passions, with all it's extremes
Enjoyed and hated by all who ever breathed

Repeat fourth verse

Public opinion rules
Will always say what's right
So close your eyes... enjoy!
Can such nice things be wrong?

Repeat fifth verse

Follow the subconscious
To massive ecstasy
Drift further on the lake
Of pleasures and desires
