As the moon begins to rise  
Evil comes snatching out my eyes  
Bloody dreams start to terrorize

(Chorus)  
Retribution in darkness  
Torn apart in my dreams  
Retribution in darkness  
Homicide in my sleep

Feeling for what can't be seen  
Step by step my thoughts become obscene  
Pleading for an end tonight  
Til the evils returns my sight

(Repeat Chorus)

Feel the picture of sadness  
Pull me to the edges of madness  
Lost in a nocturnal abyss  
Slave to our feelings of sadness

(Repeat Chorus)

Feeling for what can't be seen  
Step by step my thoughts become obscene  
Pleading for an end tonight  
Till the evilness returns my sight

(Repeat Chorus)
