### "Heart Machine"

Encoded lines of energy  
No limitation of technology  
Create a shell to house the soul  
Emotion engine reigns a being whole

Once again  
Breathing to transcend

Pre-evolved heart machine  
Re-absolved heart machine

Mechanic feeling synergy  
Digitizing new biology  
Inspiration fusion mold  
Manufactured intellect behold

Once again  
Breathing to transcend

Pre-evolved heart machine  
Re-absolved heart machine

Pre-evolved heart machine  
Re-absolved heart machine

Heart machine  
Heart machine  
Heart machine
