Started out as a perfect relationship
Said that I was your one and only chick
So loved the rhythm was our promise
But somehow it just all fell apart

Hangin out every night with your boys
till three and this is what you tellin me
but I found out a little differently
can not believe you'd do this to me

oh boy why (why) do u gotta do me wrong
boy I cant keep holdin on (holdin on)
though my love for u was oh so strong
I don't understand boi why (why)
You gotta be like every other guy
This is the last time u cheat on me

For the first time I called you were my friend
Forgave you didn't say you'd cheat again
I can't believe I let it go on so long
When I knew the whole time you were wrong

I gave you (I gave you) the benefit of the doubt
Coz your love I cant live without
I got stronger (stronger) I knew I shouldve moved on
from you
Had to be and ride be without you

boi why (why) do u gotta do me wrong
boi I cant keep holdin on (holdin on)
though my love for u was oh so strong
I don't understand boi why (why)
You gotta be like every other guy
This is the last time u cheat on me

I wore my heart on my sleeve
Everything you said that you did
I will always believe
But I guess I was the one to see
And now I gotta pack my bags coz its time to leave
No more hugz and kisses so im not your misses

See yours breakin up was my one of my wishes
See you cheated what you did was wrong
And now itd never be the same
My pride is to damn strong
Doo doo doooâ€¡.
Boi whyd you have to cheat on me

boi why (why) do u gotta do me wrong
boi I cant keep holdin on (I can't keep holdin on)
though my love for u was oh so strong (oh boi)
I don't understand boi why (I don't understand boi why)
You gotta be like every other guy (every other guy)
This is the last time u cheat on me (me)

Boi why (x4)

boi why (why) do u gotta do me wrong
boi I cant keep holdin on (holdin on)
though my love for u was oh so strong
I don't understand boi why (why)
You gotta be like every other guy
This is the last time u cheat on me
