In my life I've many strong desires  
And still in all I'm reaching for the fire  
You never look, you never see  
You never notice when you're next to me  
But feel my heart, it's burning with desire

There's a beat for you in my heart  
I tell you true from the start

Catch a glimpse, remember it forever  
And still I try to keep myself together  
You never speak, you never hear  
You're never closer when I want you near  
But feel my heart, it's burning with desire

There's a beat for you in my heart  
I tell you true from the start

Catch a glimpse, remember it forever  
And still I try to keep myself together  
You never look, you never see  
You never notice when you're next to me  
But feel my heart, it's burning with desire

There's a beat for you in my heart  
I tell you true from the start
