Pseudo Echo  
Stranger in me

I stared alone as I looked at you  
That I become no one but two  
You think That you understand my mind  
But there's another heart inside..

Hiding behind watching you think is only me  
You seem so blind, How will you ever see?

Chorus:

It's Complicated -- It's complicate  
not clear to see -- not clear to see  
My personality is stranger to me  
Is not related -- It's not relate  
How can this be?? -- How can this be??  
My personality is stranger in me  
stranger in me  
stranger in me  
in me....

Was Side by side in the cinsel's draw  
I get the feeling that it won't be long  
We seem alone in this misty cloud  
But there's a stranger here somewhere

Hiding behind watching you think is only me  
You seem so blind, How will you ever see?

Chorus:

It's Complicated -- It's complicate  
not clear to see -- not clear to see  
My personality is stranger to me  
Is not related -- It's not relate  
How can this be?? -- How can this be??  
My personality is stranger in me  
stranger in me  
stranger in me

Guitar Solo and keyboards

Hiding behind watching you think is only me  
You seem so blind, How will you ever see?

Chorus:

It's Complicated -- It's complicate  
not clear to see -- not clear to see  
My personality is stranger to me  
Is not related -- It's not relate  
How can this be?? -- How can this be??  
My personality is stranger in me  
stranger in me  
stranger in me
