The problem with the world today  
is everybody got an answer to the things you got to say  
whos right whos wrong dont point your finger  
move to the back or youll start to linger  
i dont think fists and guns make corrections  
its as good as incompatible  
ive made connections to the inside the outside the  
finishline  
perceptions closin in on the wall

promises of never ever after  
speak to shrinks who exploit your mind  
the only thing is money that theyre after  
speak to me for free and thats just fine

models movies hollywood pulled the trigger  
intoxicate your minds deliver yourselves a better figure  
overnight cellulite is implanted  
wish for the perfect body is granted  
whats a body if you dont have brains  
your lookin a cliché  
but your mind still remains the same  
searchin for the one who will be a companion  
finding yourself alone and abandoned  
in a word full of hate not optimistic  
a world thats stuck for materialistic  
pleasure is measured all hope and no virtue  
relax and ill tell you

Oh and ill show you the world  
promises of never ever after  
speak to shrinks who exploit your mind  
the only thing is money that theyre after  
speak to me for free and thats just fine

you analyze and stuck in ignition  
waitin for someone to cure your lonely condition  
im scared  
who'd dare  
too much contradiction  
no way of telling if its truth or fiction  
cause i dont wanna be another story about

about one broken dream and another man shot  
your our partyin masquaradin  
losin my cash and my dreams are fading  
move along with business  
dont, dont let me

promises of never ever after  
speak to shrinks who exploit your mind  
the only thing is money that theyre after  
speak to me for free and thats just fine  
speak to me for free thats just fine  
oh sing tonight oh  
sing tonight..
