In the back room getting high  
that's where suzanna comes to stay  
Hiding in the closet for a while  
The innocent peaked out in shame

Suzana will you sit by me?  
Said the man with nothing on his face  
You're looking ill, your looking wonderfully done  
Suzanna runaway as she hersan angel say

Suzanna, runaway  
I want you-need you here  
Where winners win and lose in shame  
Suzanna runaway

With a weird look in her eye  
The young girl's feeling strange  
Paralyzed to feel, she only smiles  
As she takes it in and then exhales

Smoke-filled rooma unique place  
One she's never been before  
She's looking ill, she's loking wrongfully done  
Suzanna, runaway as she hears an angel say

Chorus

Don't you cry Suzanna  
Don't you cry for me (x3)

Chorus
