(Atom Ellis)

Come here, folks, and gather 'round  
Cause I'm the king of this here town  
Oh, I've heard it all before  
Just leave your dreams there by the door

CHORUS

He's the Bana Slug King  
And he's like that, too  
Enie, meanie, minie, moe  
Catch a dreamer by the toe  
Touch my slime and then you'll see  
You're on your way, boy, stick with me

CHORUS

When I was just a boy  
And the world was my toy  
That's when it came and I saw the thing  
The once and future Banana Slug King  
He moved slow and deliberate

And everything that he touched  
Stuck to him  
He became so big and round  
That nobody asked a lot of questions

CHORUS

Many came and many tried  
To take my prize without the slime  
Over graves of souls all mine  
I move along and take my time

CHORUS
