No time to talk, let me walk in peace
Even this cold night gives me a place to rest my head
I ain't got no image
I lost it when I lost my mind
As the city grows around me in its own sweet time
Don't say a word, don't say nothing please
Baby, I'm down on my knees
I'm so tired, so tired of it all
I won't take the fall 'cause I'm running out of time
So tired, so tired
So tired, so tired
I heard it all 'cause I'm running out of time
I gave you a place to stay in the wintertime
Took a needle out of your arm and then out of mine
What's that you're trying to say?
Don't you turn your back on me
'Cause I'm changing my old life and turnin' a brand
new leaf
Don't say a word, don't say nothin' please
Baby I'm down, down on my knees
I'm so tired-so tired of it all
I won't take the fall 'cause I'm runnin' out of time
So tired-So tired, so tired-so tired

I've heard it all and I'm runnin' out of time
When I came into your life I really didn't know the deal
But now there's nothin' wrong with saying how I feel
Well, I never did you nasty and
I moved to your own pace
But my light is green-do you know what I mean
I got no more time to waste
Listen to me now!
No time to talk, let me walk in peace
Even this cold night gives me a place to rest my head
I ain't got no image
I lost in when I lost my mind
As this city grows around me in its own sweet time
Don't say a word, don't say nothing please
Baby, I'm down, down on my knees
I'm so tired, so tired of it all
I waon't take the fall 'cause I'm running out of time

So tired-so tired
I've heard it all and I'm running out of time
So tired-so tired
I won't take the fall 'cause I'm running out of time
