If you've ver surfed on Jupiter
You'd know the waves are rad
Full on rainbows made of ice
Purple swells that curl so nice
Jupiter's the place to be
I don't ever want to leave
There are no cops on Jupiter
They quickly grew extinct
No one tells you what to do
On Jupiter it's up to you
Jupiter's for guys like me
I don't ever want to leave
Now when you go to Jupiter

You can leave that fear behind
We're just here to have some fun
No one hunts you with a gun
Jupiter's the place to be
I don't ever want to leave
Surf, surf, surfin' on Jupiter
Surf, surf, surfin' on Jupiter
Surf, surf, surfin' on Jupiter
Surf, surf, surfin' on Jupiter
