On this heavy set I got to make another day
I start to sway
Becoming pray - becoming pray
Nullify the decoy blossom willing to obey
I'm not afraid
Caught in a fray - caught in a fray
I 'will always envy you for having been so blind
Never have to recall
Just rewind - just rewind
The strife of animation took it's tow and now it's time
Keep this information
Well in mind - well in mind

Beyond the vengeance of a thousand reasons rotten to
the core
I'll have to spend a life so insecure - will I get myself
alone

The evolution backslide drag me (so close) to the edge
Progress is to amputate the less corrosive pledge
Every dog will have his day so I will find my way
Am I such a dreamer that I can't feel my decay?
The evolution
Can't bring me down x2
I'm the last ape
Without a crown x2
Every dog will
Have his day x2
Am I dreaming
Of my decay? x2

Where all comes to an end I think I found the meaning
Where all comes to an end this is the beginning

Freedom -justifies the means
-crucifies and bleeds
-washes off the guilt
-To crush n' built
The walls around me

Beyond the vengeance of a thousand reasons rotten to
the core

I'll have to spend a life so insecure - will I get myself
alone
