I got a sixpack baby & I'm ready to go
Are you coming with me I wanna know
I suffer hard but that's ok
Tomorrow brings a brand new day

I check the time & man I know I'm late
The future is a pile of shit I hate
So wake me up before it's to late

Riding high - flying low
Come on sister take me home
Bullseye honey let me in
I'm dying hard for the perfect sin ohyeah

I'm just another loser that's alright
But the face in the mirror looks so bright
And it makes me feel that I just might

Reach for the sky - I wonder why
I feel this way - I heard someone say
Reach for the sky - don't let it die
Fun things - don't let it go

Back in the days - back in the days
I left it all in a haze - back in the days

The sun wont shine on me no more
I'm lying screaming on the floor
For all the things I never had
And all the things that makes me mad
