I have seen everything
Or at least I thought
The mistake and the fake
I should've caught
Total dis on their part
But I'm the fool
For trusting them and their friends
Majority rules

Simply enough - Survive!
Not trusting yourself - A crime
The thick and the tough will slide
Through the sands of time

When it's real
It makes me feel
There's nothing to lose
If I take it smooth

All alone in their homes
When they're older
Looking back at their past
It could be colder
Rush through life stupid-like
Without a meaning
Kicking back as they laughed
It's so redeeming

Simply enough - Survive!
Not trusting yourself - A crime
The thick and the tough will slide
Through the sands of time

Take care of your mind
Don't fall behind
If you're in a mess
None the less

Crystal clear
I see right through it
Crystal clear
You'll see right through it

Crystal clear...
