"I Want Out"

At the crack of dawn I woke up with a smile on my face
It's an easy way in but it's hard to get out of this place

I was never told about the pain
So let's take a walk through the acid rain

Take a look in my eyes where the fire burns so cold
Like a lover indeed you know I got a heart of gold
Shock me honey you know what I'm gonna do
I haven't seen the daylight since the day I met you

I disconnect the morning light
It's got to be a better way to feel alright
So hold on tight

Cause I want out - from this twilight zone
I want out - I need to be alone
I feel so strange it's hard to breath
Just give me what I need

Don't know what I want but I know what I got
Bound for nothing thanks a lot
At the crack of dawn I woke up with a pain in my head
I'm coming down hard on you just like you said

You were never told about the pain
Got a one way ticket to the powder train
Do it again
