It's the same old lies we heard before
So fucked up and baby that's for sure - they are all the
same
Talk a lot of shit all down the line
A bad little sucker all the fucking time - it's all the same

So don't come bitching here tonight
Just say a prayer and hold on tight

Things will change and time will pass
Take your words and shove them up your ass - cause I
don't care
Just shut your mouth don't say a word
Cause all those lies you told have been heard - and I
don't care

You think you got me by the balls
I think I'll stand until you fall

No nothing not a good damn thing
I can't believe a word you say
No nothing not a good damn thing
I think I'll do it my own way

It's the same old lies we heard before
So fucked up and baby that's for sure - they are all the
same
Just shut your mouth don't say a word
Cause all those lies you told have been heard - and I
don't care

Don't even try to blow my mind
I am the future of mankind
Hey hey man - is this a part of the plan
That I don't understand
