In the early morning sun I tried to get some sleep
Still looking for the answers - I got stuck in
Something deep
That wasn't my intention - I had something else in
mind
I got struck by lightning - was it true or was I blind

Alright alright I'll be ok
Don't really know what else I could say

I'll give you full attention - that was something that
She said
I don't believe in nothing - still it's messing up my
Head
When dreams collide inside my mind - I don't know
what
To do
I knew it must been something after all that we been
Through

Alright alright I'll be ok
Don't really know what else I could say

Blown away - got blown away
Nothing left to say
Blown away - got blown away
I ain't got much to say - got blown away

The radio kept playing - know I heard that song
before
They sang "Don't leave me stranded" and I knew I
wanted
More
Suddenly it hit me - I had been there once before
I came into my senses and I stumbled out the door

Alright alright I'll be ok
Don't really know what else I could say

Blown away - got blown away
Nothing left to say

Blown away - got blown away
I ain't got much to say - got blown away
