I can't tell you how I feel
My head is spinning like a wheel
Come tomorrow
It's getting dark beneath my cloud
You talk too much, you talk too loud
About your sorrows
Down the line I feel the pain
It's coming on like a fucking steam train
Better hold on
Now who is who and what is this?
Can't remember my last kiss
It is gone
Dear life how I need you now
More than ever cause I don't know how
To pull through this mess I'm in
Sweet nothing you say that, that I'm no good
This time I really screwed it all
I'm heading fast for a fall
You know it's true
My mind is playing hide and seek
It's so hard, I get weak
