Don't really know what's going on  
You say hello I say what's wrong  
I want to do it one more time  
Just let me drink til you look fine

It seems so obvious today  
When I get drunk I feel OK  
I wake up screaming on the floor  
You say what's up just give me more

I'm gonna reach out for the sky  
Another drink another lie  
It's all the same when you're around  
Two fucking shoots then I hit the ground

I love you dear  
When I am gone I need you hear  
I'm so confused I don't know why  
All the good things have to die

The wind is blowing  
I think I'm going down

And out of my head  
Out of line  
I'll be damned like silence in the dead of night  
And I'm about to move out of here

Another drink and one more lie  
Another you and I don't know why  
It's full of shit and we all know  
Who's getting ready for the show

And I'm OK just by living here today  
Oh yeah
