This life is overrated - it makes me so frustrated now
My mind is out of reach and they try to take me out
Somehow
Tell me what I need to know - I tell you when it's time
To go
When there's no one else around
The night is coming on so strong - I need a place to
Call my own
Another time another place - I guess I need to carry
on
Can you tell me what it is - give me one last painful
Kiss
When there's no one else around
The pain inside is killing me - it's hard to live it's
Hard to breath
Wont you give me what I need - well maybe
Another cold and lonely night - without it here I'm
not
Alright
Wont you give me what I need now Baby
My life is wasted on the road - she needs to pray

Before I'm sold
Just give me one more minute before I loose control
Tell me what I need to know - I tell you when it's time
To go
When there's no one else around
The pain inside is killing me - it's hard to live it's
Hard to breath
Wont you give me what I need - well maybe
Another cold and lonely night - without it here I'm
not
Alright
Wont you give me what I need now Baby
The pain inside is killing me - it's hard to live it's
Hard to breath
Wont you give me what I need - well maybe
Another cold and lonely night - without it here I'm
not
Alright
Wont you give me what I need now Baby
