Fake positivity
Spirituality
Make a completely free
Mentality
Obey the hidden dream
To provoke self esteem
We are not what we seem
Add a new dimension
To a tame intention
Exist as soul extention
Be your own invention
Let the voice inside be heard
Sometimes we need to be disturbed
Fed on plastic mind-control
Fast-food for the soul

Narrowmind

Levitate the inside
The inflate punctured pride
Positive aggression
Rid me of oppression
My life is my concern
Open up, live to learn
Narrowmind, let it burn

Infiltrate the true truth
Inject the mind with youth
Angels leave neon tracks
Let's us relax
Try a fresh flavour
Explore new behaviour
Imagination act as saviour
Be alive instead of dead
Let the new you do what the dead you dread
Let the love inside your head
Guide you through instead
The universe is quite complex
But fear is only a mere reflex
Fear can be overcome
No longer numb
