Never Mind The Bollocks, mind the Six-Pack
We didn't mind the PISTOLS or BLACK FLAG
Havins sex to PORTISHEAD and MASSIVE ATTACK
And to Papas Got A Brand New Bag
GRANDMASTER FLASH, BAMBAATA; RUN DMC
We got The Message peace, love and unity
Having a Black Celebration all alone
PARLIAMENT, FUNKADELIC AND THE FAMILY STONE
MILES DAVIS, COLTRANE, THELONIOUS MONK
Lived jazz; BOOTSY didn't fake the funk
HOWIE B, SQUAREPUSHER; APHEX TWIN
Gives a glimpse of a new era about to begin
STEVIE WONDER took THE CHILIS to a Higher Ground
Then a party meant socks on cocks all around
PINK FLOYD dissembled The Wall
In the shadow of greatness we feel small

My record collection makes me feel rich
EDDIE VAN HALEN made young fingers itch
TALKING HEADS on a tv at a ski-resort
Then we listen to the WEATHER REPORT
The Symbol os a phase in my evolution
Was PRINCE & THE REVOLUTION
We REFUSED to forget LED ZEPPELIN
With HELMET on we let ZAPPA in
Musician, politician extraordinaire
He amused, annoyed and made people aware
Enter Sandman, his name is Lars
We welcome ZIGGY AND THE SPIDERS FROM MARS
A Scary Monster, a thin white duke
At Roskilde Festival i puke to FLUKE
Respect paid where respect is due
To all of the above and to you

Don't blame us, you made us x3
You made a monster
