Trip colored liquid psychedelically enters blood  
stream.  
Fall in to black space of mind deep, vast, empty.  
Pupils dilate.  
Breathing begins the deepening of veins.  
The long road ahead seems like it never ends.  
Psycho semantic vision: a visualization.  
Change wavelength.  
Alter.  
Change wavelength.  
I'm falling and failing.  
Can't see the depth inside everywhere, nowhere.  
All at once but never right.  
Conscious thought black.  
My brain is burning I must find the light inside.  
Must believe in different methods.  
Alter conscious state.  
Must prepare for WAR.  
Asking myself why I have chose this path.  
Knowing the answer means no turning back.  
Let go of this world.  
Let go of this.
