He sees her. Sees her peeking out  
From behind his eyes  
He sees Cynthia  
Reaching to strip him out  
And sculpt her in  
Like flesh in drag  
Make him beautiful  
With the surgeon's magic wand  
Make her beautiful  
Make him Cynthia  
He's beautiful removed  
She's beautiful like a mutilated sculpture  
Cynthia  
He sees her  
She's all he's ever wanted  
Cynthia  
She sees ripping him off of her
