Now what sound of my DJ cuts  
Terminator's back on some ol' fools track  
Takes a nation of sellouts to keep us back  
Flippin' disco raps used to be whack  
Now what you hear is what you lack  
Take a lil' bit of this, a lil' bit of dat  
Who dropped the bomb on hip hop  
Who got biggie and who shot Tupac  
What's forgot, ain't no eazy, no Scott Larock  
Now what's rap gotta do wit what you got

For whom the bell tolls  
Is that the way the story goes  
85% believing all the videos  
God knows, who controls the radios  
Some people chose the road to be hoes  
And so I rose in the middle of all the woes  
And Def Jam negroes turnin' up their nose  
There's one way in no way out  
No doubt the body count  
Gettin' headz checkin' out

Do you wanna go our way???  
This the way we puttin' this down  
Do you wanna go our way???  
This the way we puttin' this down

Do you wanna go our way???  
This the way we puttin' this down  
Do you wanna go our way???  
This the way we puttin' this down

Time to make life shine again like glass  
Gotta make it shine like glass

Outraged against the scene  
Proofread the script  
Flipped it back so I'm back in Gang Green  
We interrupt this routine, I had a dream  
Da clean protein smacked the gangsta lean  
Between the triple team

Wiped 'em out like a drought  
Damn I'm raps tetracycline  
Them lips foretold these apocalypse  
Everything had a shot and got hit wit bullshit

Twisted politics tricks, I couldn't get wit  
As one quits another nitwit hits  
All the way crazy, Shady  
World turned upside down, I put it down  
Why destroy what you love, look around  
Surrounded by chalk marks on the ground  
Where the lost got found  
Why it all come tumblin' down  
Why he and she gotta die  
Now how dat sound

Do you wanna go our way???  
This the way we puttin' this down  
Do you wanna go our way???  
This the way we puttin' this down

Do you wanna go our way???  
This the way we puttin' this down  
Do you wanna go our way???  
This the way we puttin' this down

On and on to the break a dawn  
Some the 100 meter dash I'm the marathon  
Been around a long time  
But the rhyme the same  
Sound remains insane  
Exchange the reign  
Ain't that somethin'  
Figure I smashed the pumpkin  
So I parallel the brains of cobain  
Show no shame like the pain of Kane

Gettin' madd opposition hip to the game  
It's that gran ol' pe ammo  
Different time, different channel  
Funky piano  
Here to witness, get on up with a quickness  
S1's in the house  
Wit the thickness that get dis  
1, 2, 3, 4, 5 attackin' they frat  
Griff is back, got 5 on it black  
The track got X on the decks

Terminators back 'cuz a dat is whack  
On the 1 and 2, yeah, go flavor  
Pe hit the road gettin' set to explode

Fight the power for peace  
Can't forget the war mode  
Overload  
There she blows  
Here we go  
Now you know  
Damn another alamo

Do you wanna go our way???  
This the way we puttin' this down  
Do you wanna go our way???  
This the way we puttin' this down

Do you wanna go our way???  
This the way we puttin' this down  
Do you wanna go our way???  
This the way we puttin' this down
