### "Frankenstar"

We the fans  
Hopin they would be open  
Tinted glass  
Behind that tinted glass  
Crowd waiting in limbo  
Is that the limo?  
But he dont give a damn  
She dont give a damn  
Just buy their product  
Cause they a by product of a marketing plan  
Can i just get an autograph?  
Im fanatic number 2 million  
Sign it to my mama  
So she can cut the drama  
Bought in a store in nicaragua  
But you ignore the poor  
Cant even get to your door

Frankenstar  
You dont even know who the hell you are  
I dont give a damn about your car  
Frankenstar  
Frankenstar  
Frankenstar  
You dont even know who the hell you are  
We dont give a damn about your crib  
Only give a damn about what you did  
Frankenstar  
Frankenstar  
Frankenstar

Can i get a ride on that music  
Can i get a look on that movie  
All you gotta do is groove me  
Security aint got to shoot me  
How a fan get get close to you  
What do you think im supposed to do?  
Shit by the way i bought a poster too  
I didnt take it back  
Cause the show was whack

Bought a hundred dollar ticket  
Told us where we could stick it  
Frankenstar  
Let us fans know  
That you gonna do a 10 minute show

Hooooooooo  
Hooooooooo

Frankenstar  
You dont even know who the hell you are  
I dont give a damn about your car  
Frankenstar  
Frankenstar  
Frankenstar  
You dont even know who the hell you are  
We dont give a damn about your crib  
Only give a damn about what you did  
Frankenstar  
Frankenstar  
Frankenstar

Now you say you from the hood  
Paid and laid  
And now you think you gonna get sprayed  
I see you grinnin at them humble beginnings  
Fame just is like water to a gremlin  
Fame is fake and it fades  
Millinum stars can be like grenades  
Blowin up thinking we all got it made  
In a mtv cribs  
To fool them kids  
The new monster mash  
See em all dance for cash  
Saw ya wit a new lawyer  
So you  
Better stash  
But the vip section got your attention  
And you cannot see that far past  
Wrong inspiration  
For a young nation  
When you dismiss education  
And your living rooms a playstation  
Do your thing, not the thing do you  
Dont fame gotta hold on you
