There's one pill, one for this  
There's one pill, one for that  
One to make you skinnier  
One to make you sane  
One to make you bring a friend around  
And smash a brain  
It's all about a way to make a quick buck  
Big pharmaceuticals, they don't give a fuck  
They only wanna see, you and me,  
Catatonic, walking around like zombies  
Out in the street  
With nothing in your pockets  
And nothing to eat  
It's like a game of hide and seek  
With a boot in your throat  
You wish were a part of their cult  
But now you're hooked, you're on a sinking boat

Driller killer yah, yah, you took little pill  
And you went down, down, down

It's nice to know, the sun will never shine  
When the shadows cast upon, the truth of mans design  
The citadel is dark, with defeat  
But the needles point, forever there, is oh so sweet  
Manifest in a simple form, decay  
For a truth, that's never known  
He gave himself away  
To the cesspools of society  
He never knew there was another way to be  
Saw it on the tube  
And after in the news  
Was FDA approved  
It's all he ever knew  
Never thought to say  
Makes no sense, no way  
If bleeding of the eyes occurs, call a doctor right away

My pops was an evil  
16th century Carpathian named Vigo  
Who bestowed a problem of the ego  
Plus moms had me in a vat

Down at Axis Chemicals  
After skin graphs and plastic genitals  
I ripped off the gauze  
Paused for a second  
Then I dipped out the pod  
And ran rampant through the valley  
Started stampin' on the houses  
When the people tried to rally  
When in reality no one was around  
That's when the rabbit found me  
Talkin' to parrots and chopping carrots in the alley  
He said the body of Christ is magically delicious  
While he gave me more  
The bastards hung me in the fall of '84

A driller killer is that pill your gonna chew  
It makes it's way through you it makes you wanna puke  
It's just another way for them to control you  
Don't you know the truth, the serpents after you

When a person falls prey to a vermin's small ways  
He gets his balls spayed by circle saw blades  
Drug companies, want you on your knees  
2 of these will cure all your problems, then you'll sail  
the shining seas
