You lied a river of tears
I know that you're faking
You cried and quivered adhered
Way to stick to it

But I've given everything that's left
The blood spilled on the table
You cried and quivered adhered
Way to stick to it

And I've given everything I've got
The blood's on the table

You lied, you cried
The blood's on the table
You cried, you lied
The blood's on the table

You wipe the tears away
Should've known better
Letting go of all your lies
Sorry for suffocating

But I've given everything I've got
The blood spilled on the table
You cried you shiver and shake
But I'm going to have to let you go

And I've given everything I've got
The blood's on the table

You cried, you lied
The blood's on the table
You lied, you cried
The blood's on the table, yeah
The blood's on the table, come on, come on

And I've given everything
(You know I've given everything)
And I'm not about to leave
(No, I'm not about to leave)
Don't cry, don't cry

'Cause I'm tired of hearing you scream at me

And I've given everything that's left
The blood's spilled on the table
And I've given everything that's left
And I'm tired of you screaming at me

You cried, you lied
The blood's on the table
You cried, you lied
Spit on the table, yeah
