Make no, promises to me
You're slowly melting
Wake up, then fall back asleep
You're quickly fading
Hey man, you'll have to wait your turn
I can see that you're Jonesin
Taste no flavors on my tongue
They've evaporated, you've disintegrated

Why you gotta bring me down?
Why you gotta bring me
Bring me down?

Karma comes around two times
So you better be good
Watch out for all familiar signs
When you're goin' the wrong way
Look back into those devious minds
They keep pushing and pulling
Baby, Jesus never sleeps
When you're bein' a sinner
Yeah, He'll eat you for dinner

Why you gotta bring me down?
Why you gotta bring me down?
Why you gotta bring me down, down?
Why you gotta bring me down?
Bring me down
You gotta bring me down, down
You gotta bring me down, down
You gotta bring me

Make no, promises to me
You're slowly melting
Baby, Jesus never sleeps
When you're bein' a sinner
Hey man, you'll have to wait your turn
I can see that your Jonesin
Taste no flavors on my tongue
They've evaporated, you've disintegrated

Why you gotta bring me down?

Why you gotta bring me down?
Why you gotta bring me down, down?
Why you gotta bring me down?
You gotta bring me down
You gotta bring me down, down
You gotta bring me down, down
You gotta bring me down, down
You gotta bring me down
So don't bring me down
