Forgotten thoughts of yesterdays  
through my eyes i see the past  
I dont know I dont know I dont know why  
I believe (I believe) in the truth from inside  
go away go away go away form me...  
leave me alone

(chorus)  
Ignorance spreads lies  
how much will money buy  
well I'll take my time  
as I drift and die

Unwanted, live my life in shame  
who's the blame for my mistakes  
I dont know I dont know I dont know why  
I belive I believe I believe in the truth from inside  
go away go away go away from me  
leave me alone

(chorus)  
Ignorance spreads lies  
how much will money buy  
well I'll take my time  
as I drift and die

Forgotten, unwanted, ignorant
