Like a song taking on by the wind
Everybody wants to give in
Something about a second chance
Could you help me out?

If I could love you
If I could love you
If I could love you

We will live
I can feel through the trees
I can steal
But you never ever wanna see my way, oh yeah

Oh, the wind in the dark
And the dogs starting to bark
'Cause I'm selfish
And you'll never get your way, it's okay

If I could love
If I could love
If I could love

Something is going on in me
That you never wanna see
I think something's wrong with you
But you know that I love you

You don't seem to be around
Even when everything is going down
Why don't you wanna feel my pain?

If I could love you
(You're driving me crazy)
If I could love you
(You're driving me crazy)

If I could love you
(You're driving me crazy)
If I could love you
(You're driving me crazy)

Baby, baby, baby, baby
I love you, I love you
You're driving me crazy
I love you

Well, I know
