I'm so sure, what a snotty thing to say
Stuck up people always get their way
They think they're so cool
These are the kind of people that you drool over

That is 'cause they don't really care
Except about their fingernails and their long pretty hair
Go up to one of these girls someday and say I think I've
found your cure
And I'll bet they'll turn their back on you and say I'm so
sure

I don't wanna be like you
I don't wanna be like you
I don't wanna be like you

Every time that I walk in the door
You put me down just a little bit more
You think that you're better than everyone else
But everyone knows that you're stuck on yourself

And I don't know what you want me to do
And I don't know what you want me to say
I think that I need to get away, away, away, away, away

Over and over and over and over and over again
It's the same old questions
Over and over, it's over, it's over, it's over again
With the same suggestions

I don't wanna be like you
I don't wanna be like you
I don't wanna be like you

Sometimes I'm wrong, sometimes I'm right
I just need a little taste to get by
The flavor's so good, it's much better than you
There's nothing left and there's no more to do

Every time that I walk in the door
You put me down just a little bit more
You think that you're better than everyone else

You don't know nothing, you're stuck on yourself

Over and over and over and over and over again
It's the same old questions
Over and over, it's over, it's over, it's over again
With the same suggestions

I don't wanna be like you
I don't wanna be like you
I don't wanna be like you

I never wanna be anything like you 'cause I hate you,
that's right
I never wanna be anything like you, I don't trust you,
yeah
I never wanna be anything like you 'cause I hate you,
yeah
I never wanna be anything like you, I don't trust you

I don't trust you and I hate you
I don't love you anymore
I don't trust you and there's no solution
Over and over and over and over, it's over again

Now that you're gone, and you're gone far away
Every thing's perfect, every thing's okay
No bitching and fussing and fighting all day
I don't have anything left to say

Over and over and over and over and over again
It's the same old questions
Over and over, it's over, it's over, it's over again
With the same suggestions

I don't wanna be like you
'Cause there's no solution
Never, never light the fire, fire again
'Cause there's no solution

It doesn't make pollution
Sick of making pollution
'Cause there's no solution
'Cause there's no solution
